Erratum

In "Some Experiments in Image Vectorization" by Javier Jimenez and Jose L. Navalon, *IBM Journal of Research and Development* **26,** No. 6, November 1982, p. 727, the first sentence of the third paragraph should be changed to the following:

It can easily be shown that sequential algorithms with binary search need, to approximate a curve of length L using N nodes, a number of operations that is proportional to L, while those using linear searches need L^2/N, and global methods use L times the number of trials needed for the iteration to arrive at the solution in an N-dimensional space.
